

# WORKING TOGETHER,

## Locally Focused

We're leading the change for better, more equitable, and more resilient communities.

The tough work that is needed to help communities continue to recover is the very work United Way does every day.

- We help feed those facing food insecurity.
- We prepare children for success in school, work, and life.
- We connect those in financial distress with resources to pay bills and stay in their homes.

It is critical that we prepare for, respond to, and ultimately help our communities emerge stronger.

**We create partnerships.**

**We raise money.**

**We vet agencies.**

**We fund solutions.**

# Locally Focused. Locally Invested.

## Our Focus For Change!

We bring the right people together to meet immediate needs and find solutions to long term problems. We do this by investing funds in quality LOCAL programs that get real results, mobilizing volunteers and lending our voice to important issues affecting people in our community.

### EDUCATION

We're working to shift the odds so tomorrow's leaders can build a better foundation today. With an approach to education that spans from cradle to career, we're ensuring every child gets a strong start in life, teenagers have the tools to learn and grow, and young adults thrive in the job market.

### HEALTHY LIFESTYLES

We're working to make it easier for individuals to access nutritious foods, access substance abuse programs, and receive quality health care and mental wellness support. We're committed to helping everyone get - and stay - healthy.

### FINANCIAL STABILITY

We're working to put every person in every community on a path toward financial empowerment. That starts with access to services, job training, credit counseling, and money management programs.
